

Mike Myers

Songwriter & Composer

My musical career spans four decades. I was introduced to music when I was four years old. I began playing guitar and piano, eventually studying with The Associated Board of the Royal School of Music.

By the time I was in my early teens, I'd composed numerous songs. At the age of twenty three I had my first hit record. To date I've been fortunate enough to have sold over **40 million records**.

In addition to my work in the record industry, I've composed numerous songs and themes for television and radio.

*Mike Myers is credited with writing **75 single and album hits** (he's probably best known for the song **I'm In The Mood For Dancing**).*
